were produced, which, after having been duly proved, were passed down to the jury along with the communication professedly signed by Mrs. Jeffrey. The grunts of astonishment which ensued as the knowing heads drew near over these several papers caused Mr. Jeffrey to flush and finally to cry out with startling emphasis:

"I know that those words were written by my wife."

But when the coroner asked him his reasons for this conviction he could or would not state them.

"I have said," he stolidly repeated, and that was all.

The coroner made no comment, but when after some further inquiry which added little to the general knowledge he dismissed Mr. Jeffrey and recalled Loretta there was that in his tone which warned us that the really serious portion of the day's examination was about to begin.

HANLY'S FINE RACE

Despite Handicap He Ran Well With the Bunch.

Indianapolis, Nov. 14.—The official plurality for J. Frank Hanly, Republican candidate for governor, was 83,979, as shown by the figures today. President Roosevelt's plurality was 92,871, so Hanly ran but 8,892 behind the national ticket. His race was really more creditable in view of the personal fight made against him in certain quarters. Taking everything into consideration, he was not so far behind as some of his friends feared he would be. Hanly was expected here today to confer with friends, but he says he is not going to make any appointments for some time. It is probable that he will not take up the matter of appointments till after the adjournment of the legislature in March. He will leave the middle of the week with Mrs. Hanly for St. Louis to enjoy the exposition. Hanly probably made the most strenuous campaign of any candidate for governor of Indiana in recent years, as he traveled over 25,000 miles and made over 150 speeches.

The official returns show that the coming session of the Indiana legislature will be made up as follows: Senate—Republicans (elected this time), 25; Republican holdovers, 11; total Republican senators, 36. Democratic senators (elected this time), 5; Democratic holdovers, 9; total Democratic senators, 14. Republican members of the house, 80; Democratic members of the house (including two contested seats from Allen county), 19. Total Republican members on joint ballot, 116; total Democratic members on joint ballot, 83. There was a tie vote in Jefferson county and another election has been ordered. The Republican majority is perhaps the greatest ever had by either party.

Politicians are beginning to take an active interest in the organization of the next legislature. The speaker-ship, of course, is up in the air. For floor leader of the senate, Senator Will Wood of Lafayette, and Senator Edgar Hendee of Anderson are mentioned. Senator Barcus is talked of for caucus chairman of the Republicans, and Senator Fremont Goodwine for president pro tem. Among the Democrats L. Ert Slack of Franklin, who was leader in the house two years ago, will be a member of the senate, and he may become floor leader there. In the house Jackson Boyd of Greencastle, who was a prominent figure on the Democratic side two years ago, may receive the complimentary vote for speaker.

Governor W. T. Durbin left today for Vicksburg, Miss., with the commission created by the last legislature to secure markers for the positions occupied by the Indiana regiments during that siege of the civil war. He will return the latter part of the week, when he will have something to say as to his attitude in the race for Senator Fairbanks' seat in the United States senate. No one doubts that the governor will be a candidate, as it is generally believed that he has been quietly laying his lines for some time but with customary discretion he is not going to commit himself until he is good and ready. The governor, it is understood, is putting in all his spare time on his message to the next session of the legislature.

Senator Fairbanks, vice president-elect, will be tendered a public reception here before his departure. John W. Kern, late candidate for governor on the Democratic ticket, has paid what is regarded as a graceful tribute to the tall senator by suggesting that a non-partisan reception be tendered under the auspices of the Commercial Club, of which he is president. The reception will probably be given some time this week, as the senator and Mrs. Fairbanks are going to St. Louis to enjoy the World's Fair before they leave for the East. This will probably be the senator's last public appearance in Indianapolis until after his inauguration.

It was rumored here today that Congressman C. B. Landis of the Ninth district will come to Indianapolis tomorrow or next day to formally announce his candidacy for the United States senate to succeed Senator Fairbanks. He has been prospective candidate for several months and has done considerable work on that line. He will enter the race more strongly fortified than expected some time ago, as the Republicans elected all of their legislative candidates in his congressional district. In addition his brother, Congressman Fred Landis, has a growing following in the Eleventh district, and he will be of much assistance to him.

## INTERNAL CRISIS

A Question More Vital Than  
Foreign War Faces  
Russia.

## A LIBERAL MOVEMENT

Readers Enjoying Absolute Political  
Freedom Can Hardly Appreciate  
Significance of Pending Charges.Revolution From the Old Reaction-  
ary Policy of Russia Gradually  
Being Brought About.

Chefoo, Nov. 14.—No news of developments at Port Arthur has been received here today.

St. Petersburg, Nov. 14.—Russia is facing a great internal crisis, which in the minds of intelligent Russians, overshadows in importance all questions relating to foreign politics. A new, broad and liberal movement seems not only under way, but gaining momentum daily, and the best feature of it is that it is entirely divorced from any radical revolutionary propaganda. Prince Sviatopolk-Mirsky, the minister of the interior, has given the movement impetus, but has done so against the most powerful in-

fluences, and behind the scenes a bitter struggle is waging for imperial support. During the present week the first test of strength is likely to occur, the result of which may mean much for the history of Russia.

The policy of reaction which had grown steadily since the accession of Alexander III., seemed suddenly to lose its main bulwark when Minister Plehve fell. With the advent of Prince Sviatopolk-Mirsky and his frank appeal for a policy of mutual confidence between government and people, a tremendous liberal rebound occurred, raising, perhaps justifiably, high hopes and aspirations. An American, enjoying absolute political freedom, can hardly appreciate the full significance of what the changes that have occurred since Prince Sviatopolk-Mirsky's inauguration means in a land of absolutism. The Russian policy as regards Finland, if not reversed, has been greatly ameliorated, and the Finnish national diet will meet next month. Only yesterday prominent Finlanders who were exiled under the Plehve regime, received permission to return to their own country or to go abroad, if they desired to do so. The oppressive activity of the police throughout the empire has been largely relaxed.

Banishment by administrative order has been abolished, hundreds of political prisoners exiled to Siberia have been recalled; the Jews have received assurances of the dawning of a brighter day, and after years of the strictest censorship, Russian papers have suddenly found their voices.

Little Damage Done.  
Gen. Kuroki's Headquarters, Nov. 14, via Fusan.—The Russian forces are still encamped north of the Shakhe river. The Russian bombardment of the Japanese lines has lessened lately. From the beginning it has accomplished surprisingly little damage, although on many days a hundred big shells were fired. No Japanese were killed by the bombardment and very few were wounded.

## HELD MOB AT BAY

Doctor Defends Man Who Is Under  
Hospital Treatment.

Macon, Ga., Nov. 14.—There have been no further developments in the attack made at an early hour Sunday morning on a hospital here in which Frank Christian, the slayer of Fred Tharpe, was wounded. No further attempt has been made by the friends of the dead man to secure the person of Christian since Dr. Elder, the resident surgeon, drew his revolver and informed the mob that he would kill the first man who crossed the threshold. The members of the mob believed he meant what he said, for they took their departure from the premises and have not yet reappeared. While no anticipation of any trouble is held by the authorities, a force of officers is still doing guard duty, and no effort to protect the wounded man will be left undone.

Christian, who was cut in the stomach during the affair, which ended in Tharpe's death, is resting quietly and the attending surgeons are still of the opinion that he will recover.

## PRINCE FUSHIMA

Will Be Give a Good Time While in  
Washington.

Washington, Nov. 14.—His imperial highness Prince Sadamuru Fushimi, who is on his way to Washington from Japan, visits this country by order of the emperor with a double purpose. First to deliver to the president of the United States a special message of good will from the emperor of Japan, and second, to visit the World's Fair at St. Louis, where Japan has a large exhibit.

While in Washington the president has designated Herbert H. Peirce, third assistant secretary of state, as

HERBERT H. PEIRCE.

his personal representative to attend upon the prince and arrange for his entertainment. Mr. Peirce will be assisted by Colonel Symons and already several functions have been planned, including a dinner at the White House, a visit to the capitol and congressional library, a lunch by the secretary of state, a reception by the prince to the gentlemen of the diplomatic corps at the Arlington Hotel, a trip to Mt. Vernon and a dinner by the Japanese legation.

## TRAGEDY OF GREAT CITY

Two Homeless Sisters Give Up Struggle in New York.

New York, Nov. 14.—Looked in each other's arms on the bare floor of a dismantled flat in East 51st street, from which they had been dispossessed on Friday, two sisters, Louise and Valerie Ate, forty-four and thirty-eight years old respectively, were found dead Sunday. In the mouth of each was a rubber tube which connected with the chandelier.

In the hand of the younger woman was an open letter, written in German, which stated that the sisters had decided to die together after talking the matter over for a week, and requesting that they be buried in one grave. "For this consideration," the letter continued, "we give our bodies for the benefit of medical science."

The two women had failed to pay the rent for the flat they occupied and on Friday were dispossessed. At the same time their furniture, which they had bought from an installment company, had been taken from them and they had been given permission by the janitor to remain in the flat over Sunday.

## LEFT NO CLUE

Dynamiters Wreck the Home of Law  
Enforcing Mayor.

Virginia, Minn., Nov. 14.—A terrible explosion occurred in the rear of the residence of Mayor Fay early Sunday, and the handsome building is a mass of ruins.

Fortunately no one was injured, but it would seem that dynamite was placed in the rear of the house with the intention of killing the mayor as well as wrecking his dwelling.

For some time past the mayor has been waging a vigorous warfare on violators of the saloon law, and many threats have been made against him. There is no clue to the perpetrator of the crime.

## Death of Major Hay.

Washington, Nov. 14.—Secretary of State Hay has received a dispatch, announcing the death of his brother, Major Leonard Hay, U. S. A., retired, in the seventieth year of his age. He died Saturday night at the Hay homestead in Warsaw, Ill. The late Major Hay was the head of the family in this country. A prominent official said that he was an officer of great intelligence and efficiency and since his retirement had been of the most public-spirited citizens of Illinois. Secretary Hay left here today to attend the funeral.

## TERSE TELEGRAMS

The annual convention of the American Federation of Labor is in session at San Francisco.

A new investigation of the postoffice department is now under way, directed against the railway mail service. A Russian war correspondent telegraphing from Mukden says the reports of the death of General Kuroki are confirmed.

The fifteenth annual meeting of the Indiana State Dairy association will be held in the statehouse at Indianapolis Jan. 19 and 20, 1905.

Nine persons were killed in a head-on collision between a Union Pacific passenger train and an extra freight train west of Azusa, Wyo.

A passenger train on the Wabash road was wrecked north of St. Louis by spreading rails, injuring a number of passengers, some seriously.

It is announced at the White House that the president on his approaching trip to St. Louis will make no stops at other cities either coming or going.

The coroner's inquest over the body of Clayton L. Williams, a young merchant of Spann, Ga., who was found dead in a road, recommended that four white men and two white women be held for the murder.

## FAMILY TRAGEDY

Evidence Now Points to Julius  
Weber's Son as Arch  
Murderer.

## IS HELD ON SUSPICION

Young Man's Reluctance on the Wit-  
ness Stand Served to Concentrate  
Attention to His Case.His Description Is Also Said to Tally  
With That of Recent Bank  
Robber.

Auburn, Cal., Nov. 14.—Adolph Weber has been placed under arrest charged with the murder of his parents, sister and young brother last Thursday night and with having set the family residence on fire afterward to conceal the crime. Weber took his arrest coolly.

The arrest took place immediately after he left the witness stand and after he had reluctantly answered the questions propounded to him by Coroner Shepard, the district attorney and several of the jurymen.

The latest theory in the Weber murder case is that the murderer shot the father first; then, as the sister appeared in the hall he shot her and then the mother, seeing what had been done, screamed and started from him, when he shot her. She continued on across the room and, raising her left hand, took down the telephone receiver to call for help, at which time she received the second shot, which penetrated the body just under the left arm. The child being the only one left, the murderer struck him over the head and felled him. The operator at the central telephone office says that the line that the Weber residence is on showed "busy" at about a half hour before the fire was discovered.

Adolphus Weber in jail has nothing to say. No effort has been made as yet to get the young man on writ by his attorneys. His description is said to tally with that of the robber who recently robbed the bank here. It will be recalled that after the daring robbery in the middle of the day the robber drove rapidly down the road leading to New Castle for about a half mile and then left the rig and took to the hills. At this time T. S. Palmer went to his home and, being an expert rifle shot, took his rifle with him and went after the robber. Upon reaching the spot where the buggy was abandoned he noticed a man climbing the hill on the opposite side of the road from that which the robber was supposed to have taken. Upon overtaking the man he found him to be Adolph Weber. Julius Weber missed one of his home-made money-bags about this time, which tallied very closely with the one used by the man who held up the bank.

## MAY CAUSE DISRUPTION

Chicago Federation of Labor Resents  
Gompers' Order.

Chicago, Nov. 14.—Serious trouble in labor circles is threatened as a consequence of the order ousting the Chicago Federation of Labor from the American Federation of Labor, sent by President Gompers from Denver.

Secretary Edward Nockels of the Chicago Federation said: "We believe in home rule. Whether the Chicago Federation of Labor has a charter from the American Federation or not, it will still continue to be the central labor body in Chicago. The refusal to obey the orders of President Gompers was unanimous and I believe the locals of the international bodies will not retract."

When it is remembered that the Chicago federation has at present jurisdiction over nearly 140,000 union men in Chicago and vicinity, the extent of the trouble may be realized.

## Hanged in His Stairway.

Marietta, Ohio, Nov. 14.—The body of Thomas Ewart, a prominent lawyer of this county and well known in Masonic circles throughout Ohio, was found hanging from the baluster of the stairs of the reception hall of his fine home here Sunday when his family returned from church. Ewart was fifty-nine years old and a graduate of Marietta college. Poor health is supposed to have been the cause for the act of self-destruction.

## Overcome by Gale.

Woods Hole, Mass., Nov. 14.—The two-masted schooner Eucaliptus, Captain Nason, of Rockland, Me., went ashore in the severe northeast gale shortly before dark last night, about three-quarters of a mile west of Tarpaulin Cove, on the island of Naushon. No trace of the crew has been found, and fears are entertained that all hands are lost.

## World's Fair Attendance.

St. Louis, Nov. 14.—The record of admissions for the past week given out by the World's Fair management last night shows a total of 498,149 and the grand total since the opening of the exposition, 17,065,886.

## Death in Automobile.

Cincinnati, O., Nov. 14.—Douglas Neare, a well-known insurance man, was killed Sunday near Coney Island, east of this city, by going over an embankment in his automobile.

## FIERCE COAST STORM

Havoc Created in Wire Service at  
New York.

New York, Nov. 14.—New York is entirely cut off from the states of the West by a fierce hurricane accompanied by rain and snow, which is sweeping the Atlantic coast. Starting from Florida Saturday night, the storm of wind and rain came up the coast at almost cyclonic speed. Rain began falling in New York at 5 a. m., and early in the morning changed to a wet snow. The wind, which had been blowing moderately, veered to the southeast and shortly assumed hurricane proportions. At 10 o'clock last night the storm center was at Block Island, where the barometer showed a pressure of 28.62 inches, with the wind blowing 76 miles an hour. At Nantucket the barometer was a trifle higher and the wind sixty miles.

Wire service out of New York is tied up more effectively than at any other time since the blizzard of 1888. The Western Union and Postal Telegraph companies have no direct communication with cities further south than Baltimore, and all Western points are cut off.

The Postal has been cabling some of its most urgent messages to Canoe, N. S., from which point they are wired to Montreal and thence forwarded to Chicago over Canadian Pacific wires.

## Pennsylvania Also Suffers.

York, Pa., Nov. 14.—Telephone and telegraph wires are down, trolley cars are stalled, railway trains are greatly delayed, and there is a general suspension of traffic in this city and throughout York county as the result of what is said to be the heaviest snowstorm York ever experienced at this time of the year. It is estimated that snow fell to a depth of a foot on the level.

## Baltimore Catches It.

Baltimore, Nov. 14.—A snow, wind and rain storm which developed here early Sunday morning and continued throughout the day and night, caused an almost complete prostration of electric light, telephone and trolley cars. A number of accidents were occasioned by the heavily charged wires, but so far as known there have been no fatalities.

## Washington Cut Off.

Washington, Nov. 14.—As the result of a snowstorm which set in here shortly before 11 o'clock Sunday morning, Washington last night for several hours was completely cut off from telegraphic and telephonic communication with the outside world. The snowfall started with a drizzling rain which later turned into a heavy wet snow.

## Snowstorm at Atlanta.

Atlanta, Ga., Nov. 14.—The edge of the snowstorm which visited the North and East, struck Atlanta Sunday morning between 4 and 5 o'clock. The fall here was very light, but is reported heavier in the northern part of the state.

## Tennessee Snow Covered.

Knoxville, Tenn., Nov. 14.—Nearly an inch of snow fell in Knoxville and throughout the eastern part of the state Sunday.

## GAVE UP PEACEABLY

Fugitives Could Not Stand Hunger  
and Cold.

Charleston, W. Va., Nov. 14.—Ed and George Jackson, the two brothers of Montgomery for whom rewards have been offered by both state and county authorities, surrendered Sunday and are now in the county jail at Charleston. The men had been secreted in an abandoned coal mine just outside Montgomery, and were driven to surrender by hunger and cold. Word was sent to Montgomery by a mountaineer, and on arrival of Squire Davis and a constable the men gave themselves up without a struggle.

There are six prisoners implicated in the Montgomery shootings in the Charleston jail. It is not considered safe to hold the hearing of any of them at the present time.

## Loot a Bank and Escape.

Chicago, Nov. 14.—The Chicago police have been notified of the robbery of the bank at Rio, Ill., by eight men, who secured \$2,000 in cash and escaped. Rio is ten miles north of Galesburg. After blowing open the bank with dynamite and securing the money the robbers boarded a handcar and rode rapidly away toward the south. The sheriff pursued them to a point near Galesburg, where all trace of the men was lost.

## Will Escort Liberty Bell.

St. Louis, Nov. 14.—The committee of the select and common councils of Philadelphia arrived Sunday to escort back to its resting-place in Philadelphia the old Liberty bell, which has been on exhibition in the Pennsylvania building at the exposition. On Wednesday exercises will be conducted in the nature of a farewell to the old bell, and it will start on its homeward journey.

## Grocer Shot by Burglars.

Indianapolis, Nov. 14.—In a desperate battle with two negro robbers in his grocery store at 1113 North Missouri street Saturday night William Lawrence was shot and seriously injured. The negroes made their escape and the police have no clue which will lead to their capture.

## Outlaw Bit the Dust.

Salt Lake City, Utah, Nov. 14.—One outlaw is dead and another is in jail mortally wounded as the result of a desperate battle between cattlemen and officers near Deeth, Nev.

FILIGREE BALL...By...  
ANNA KATHARINE GREEN,  
Author of "The Mystery of Agatha Webb,"  
"Lost Man's Lane," Etc.  
Copyright, 1903, by the Bobbs-Merrill Co.

AN IRRESISTIBLE STORY, such a thorough straitening of Francis Jeffrey's fine figure. And that was all.

"Mr. Jeffrey, in the talk you had with your wife on Tuesday morning was Miss Tuttle's name introduced?"

"It was mentioned; yes, sir."

"With recrimination or any display of passion on the part of your wife?"

"You would not believe me if I said no," was the unexpected rejoinder.

The coroner, taken aback by this direct attack from one who had hitherto borne all his innuendoes with apparent patience, lost countenance for a moment, but remembering that in his official capacity he was more than a match for the elegant gentleman, who under other circumstances would have found it only too easy to put him to the blush, he observed with dignity:

"Mr. Jeffrey, you are on oath. We certainly have no reason for not believing you."

Mr. Jeffrey bowed. He was probably sorry for his momentary loss of self control, and gravely, but with eyes bent downward, answered with the abrupt phrase:

"Well, then, I will say no."

The coroner shifted his ground.

"Will you make the same reply when I ask if the like forbearance was shown toward your wife's name in the

## THE ATTRACTIVE GIRL.

Much has been written about "the American girl" and her reasons for being preeminently the most attractive girl in the world. In bringing up girls mothers can't be too careful to let their daughters develop all their natural charms to the utmost.

The crucial epoch of a woman's life is the change from maidenhood to womanhood. It involves the whole body and manifests itself in the nervous disposition at this time.

Nervous or sick women are afforded the opportunity of a lifetime, for the makers of Dr. Pierce's Favorite Prescription now offer \$500 reward for women who cannot be cured. Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States for any case of Leucorrhoea, Female Weakness, Prolapsus, or Falling of the Womb, which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

"I cannot praise your medicine highly enough," writes Mrs. Jennie Hippenhamer, of Huntington, Indiana. "I began taking Dr. Pierce's Favorite Prescription and took it steadily for six months. I was not once sick at stomach, never vomited once. Took the 'Favorite Prescription' three times a day and when in severe pain took an extra teaspoonful of medicine which checked the pain. I felt pleasant all the time and did not get nervous as I used to. When my baby girl came last August she was healthy. She is now eleven months old. Am thirty-eight years old and never got through so easily in all my life. Why should women suffer when they can get through so easily? I am able to do quite a washing and ironing which I could not do for eight years before."

As a tonic for women who are nervous, sleepless, worn-out and run-down, "Favorite Prescription" is unequalled.

For constipation, the true, scientific cure is Dr. Pierce's Pleasant Pellets. Mild, harmless, yet sure. No other pill can compare with them.

MONDAY, NOVEMBER 14, 1904

THE Columbus Herald notes that Governor Durbin has issued his Thanksgiving proclamation, but seems to think the democrats have nothing to be thankful for. The Herald is taking defeat unusually hard.

A PRESS dispatch from Madison, Wisconsin, says that Senator Spooner may be a member of President Roosevelt's cabinet as attorney general. He would be a good man for that position.

In the strict enforcement of a rule forbidding employees to use intoxicants the Northern Pacific railroad company is only following the example set by the Pennsylvania and other roads several years ago. No temperance movement can be more effective than this. It is only fair, however, to enforce the rule in all the departments, even the passenger service. Engineers, firemen, yardmasters and others who are affected by the rule have a right to feel resentful when they see drinking men retained in the executive offices. Impartiality should be the rule.—Indianapolis Star.

**MARRIED.**

**WILSON-BOLLINGER.**  
A very pretty occasion was the marriage of Mahlon E. Wilson, an attorney, of Salt Lake City, Utah, and Miss Edith H. Bollinger, of Seymour, Sunday, Nov. 13. The ceremony was performed at 10 o'clock a. m. at the home of the bride's mother, Mrs. Laura J. Bollinger, Rev. J. M. Baxter officiating. Only the immediate relatives of the family were present.

Mr. Wilson's home formerly was in Ohio, but after his graduation from Ann Arbor he went to Salt Lake City where he has since been engaged in his profession. The bride is one of the most highly esteemed young ladies of our city. The happy couple left on No. 1 Sunday night for St. Louis where they will spend a few days before leaving for their future home at Salt Lake City.

**GENERAL LEW WALLACE.**

Reported to be in a Critical State of Health.

WASHINGTON, D. C., November 12.—A report from Brookville, Ind., that General Lew Wallace, another diplomat and soldier, is dying, causes profound sorrow here, where he has many friends. General Wallace is 77 years and 7 months old. The man who became world-famous as a General long before he created a furor in the world of letters as the author of "Ben Hur," was born in Brookville, Ind.

He attended the public schools of that thriving village and afterward finished his law course. He served in the Mexican War as a First Lieutenant and in 1848 began the practice of law. This was interrupted by the Civil War, which saw General Wallace again in the field. He was made a Brigadier General in 1861 and commanded a division in the battle of Ft. Donelson in 1862.

In March of that year he was made a Major General of volunteers. He was present and fought at the second day of the battle of Shiloh. He was instrumental in saving Cincinnati from capture in 1863. In this year he became commander of the Middle Department and the Eighth Army Corps.

In public life General Wallace was minister to Mexico and Consul general at Constantinople.

### REPUBLICANS JOLLY.

Used About all the Fireworks in the City.

The Republicans of Seymour and vicinity held a jollification Saturday night. There was a great throng of people on the down town streets. The military band and the drum corps were out and did their full share toward making it a success.

From 7:30 until 10 o'clock fireworks were going some place all the time. In fact, this feature of the celebration did not cease until the supply of fireworks in the city was practically exhausted. Fire crackers were exploding all the time and tin horns were constantly in action.

It was a good humored crowd, even if it was noisy, and everything passed off smoothly so far as reported. With this celebration of the splendid republican victory achieved, the campaign of 1904 ends, and everybody is settling down to business. But it is doubtless true that not for half a century has business been so little disturbed by a national campaign as by the one just ended.

## TORMENTING RHEUMATISM

Columbus, Ohio, May 20, 1903.

Six years ago I had a severe attack of Inflammatory Rheumatism. I was laid up in bed for six months, and the doctors I had did me no good. They changed medicines every week and nothing they prescribed seemed to help me. Finally I began the use of S. S. S. My knee and elbow joints were swollen terribly, and at one time my joints were so swollen and painful that I could not close them when opened. I was so bad that I could not move knee or foot. I was getting discouraged, you may be sure, when I began S. S. S., but as I saw it was helping me I continued it, and to-day I am a sound well man and have never had a return of the disease. S. S. S. purified my blood and cured me of this severe case of Rheumatism after everything else had failed. I have recommended it to others with good results.

R. H. CHAPMAN.

1355 Mt. Vernon Ave.

The poisonous acids that produce the inflammation and pain are absorbed into the blood and Rheumatism can never be conquered till these are neutralized and filtered out of the blood and system. S. S. S. goes directly into the circulation and attacks the disease itself. It purifies and restores the blood to a healthy, vigorous condition. It contains no potash, alkali or other strong minerals, but is guaranteed entirely vegetable. (Write us and our physicians will advise without any charge whatever. Our book on Rheumatism sent free.)

## MOTOR FARMING.

Latest Phase of Scientific Agriculture in England.

The many uses to which the motor has been put are illustrated in the accompanying photograph, which shows the Ivel agricultural motor, an English invention, at work. This machine is capable of hauling any kind of two or three furrow plow, or, in fact, any agricultural implement. It can also be used for driving all kinds of machinery

THE IVEL AGRICULTURAL MOTOR.

usually driven by steam or gas engines, and when not at work in the field it can be doing cartage work.

In a plowing experiment the Ivel motor, hauling a three furrow plow, plowed six acres one rood nine poles of land of very hard surface to an average depth of seven inches in eight hours fifty-four minutes, and the cost worked out at a rate of 5 shillings per acre, which included everything.

Comparing these figures with the cost of doing the same work in the ordinary old fashioned way, it will be realized that by using the Ivel motor you can get the work done very much cheaper and quicker.

Machines have already been exported to Portugal, Egypt and South Africa, as in these countries the superiority of mechanical power over horses and cattle is appreciated.

Cancer Cured by Electrolysis.

A remarkable cure of a canceroid growth by one application of electricity has been reported by S. Ledue, a French medical man. The growth was on the right side of the nose and had been in constant ulceration for five years. To its entire surface was applied a plug of hydrophil cotton impregnated with a 1 per cent solution of zinc chloride. This was connected to the positive pole of a battery, the negative pole being connected to some other part of the body through a large electrode, and a current of eight milliamperes was passed for twelve minutes without causing pain. The ulcer was completely scarred over ten days later.

Scientific Mouse Killing.

No thoroughly satisfactory way of killing mice has yet been found unless the discovery is to be attributed perhaps to a certain German professor, who has succeeded in destroying these little animals wholesale by infecting them with a disease germ. The germ in question was obtained originally from a species of ground squirrel. Cultures of it were prepared in the usual way, in gelatin, and bits of dough saturated with the infectious stuff were placed in the runways of mice in barns and haymows. As a result large numbers of dead mice were found a few days later, and they continued to die rapidly for quite awhile. In the case of four haymows, carefully examined ten days after the dough was scattered, the mortality was found to be from 70 to 95 per cent.

No Need of Loan.

Washington, Nov. 14.—In view of the published statement that Secretary of the Treasury Shaw would make a call on government depositories for a loan of \$20,000,000, it can be positively stated that no such call in the immediate future is contemplated. There is at the present time, it was said, no pressing need for such a call. Should it be made at all, the probabilities are that it will be some time during the month of January.

Hamilton, Ohio, Nov. 14.—Adolph Hummel, aged fifty-nine, killed his son Frank Hummel, aged thirty-two, Sunday, and then killed himself. He also shot at his wife. The father was intoxicated and was abusing his wife. Frank was attempting to defend his mother from the assaults of his father when the shooting began.

## LOOK OUT FOR HIM

Clever Swindler Is Working a Graft on Indiana Merchants.

BOGUS CHECK RACKET

Pretending to Be a Laborer He Has Little Difficulty in Cashing Company Checks.

The Merchants Who Accept Such Payment Find Too Late They Have Been Victimized.

Laporte, Ind., Nov. 14.—The police departments of northern Indiana cities are looking for George Marshall, a forger who is wanted for clever swindling. Marshall's method of operation is to garb himself as a laborer and, with a woman accomplice whom he introduces as his wife, present forged paper, always singling out manufacturing institutions, with the pretense that the check was given for labor. He makes small purchases, tendering checks ranging from \$25 to \$50. Marshall is alleged to have secured \$50 at Michigan City, with more extensive operations in other cities.

MOTHER USES AX

Goes to Place Where Son Got Whisky and Empties Liquor on Floor.

Petersburg, Ind., Nov. 14.—Because her fifteen-year-old son had been given enough whisky to intoxicate him, Mrs. John Braden made the youth tell where he had procured the liquor and then proceeded with her sister to the place. With hatchets the women battered down the door and, entering the room, emptied six gallons of whisky on the floor. They were watched by a large crowd of men and boys. When Mrs. Braden was whipping her son in an effort to compel him to tell where he had obtained the whisky he yelled lustily for Parker at every stroke of the whip until the lashing became so severe that he promised to tell if his mother would cease whipping him.

Woman Seriously Hurt.

Richmond, Ind., Nov. 14.—The careless throwing of stones by a boy caused the serious and perhaps fatal injury of Mrs. John Hirschburg here. She went into the yard of her home to warn some boys against breaking windows. While in the yard she was struck in the temple with a large stone thrown by one of the boys, and she has been unconscious since. Her recovery is doubtful. The police are endeavoring to locate the guilty boy.

It Was All One Way.

Indianapolis, Nov. 14.—Purdue outplayed Indiana at Washington park Saturday afternoon in practically every department of the game, with the exception of punting, and won the state championship with the greatest ease by a score of 27 to 0. At no time did the boys from Bloomington have a look-in for the game, and from the first blast of the referee's whistle, the result was not in doubt for a moment.

Child's Shocking Death.

Indianapolis, Nov. 14.—In attempting to enter an elevator car at the Charles Mayer store on West Washington street late Saturday afternoon, the three-year-old daughter of Mr. and Mrs. George Bowley, 228 East Pratt street, fell from the third floor to the cellar, sustaining injuries that caused death a few minutes later.

Woman Victim of Nervous Shock. Clinton, Ind., Nov. 14.—As the result of being a witness to a fatal accident Mrs. Mary Atkins of Hillsdale is dead. She recently saw a passenger train on the L. D. & W. strike Mark Harken and kill him instantly. The sight so affected her that she suffered nervous prostration, which terminated in her death.

Memorial to General Harrison. Indianapolis, Nov. 14.—A window memorial of the late President Benjamin Harrison will be unveiled next Sunday in the First Presbyterian church, of which President Harrison was a ruling elder for many years. The window will be erected by Mrs. Mary Lord Harrison, widow of the late president.

Elwood Youth Sentenced. Elwood, Ind., Nov. 14.—Ray Brom, the youth who stabbed and killed Leroy Roberts, formerly of this city, in the Y. M. C. A. restaurant at Decatur, Ill., was sentenced to prison for forty years, being convicted of murder in the first degree.

Mangled in Corn Shredder. Clinton, Ind., Nov. 14.—Mike Hansen, employed on the farm of Jacob Stein, had his hand torn to pieces in a corn shredder and the member will have to be amputated.

Voting Machines Popular. Evansville, Ind., Nov. 14.—The experiment with voting machines in the last election was so satisfactory that it is probable the county council will buy forty machines.

Salesman Drops Dead. Evansville, Ind., Nov. 14.—Robert E. Miller, a traveling salesman of Austin, Ill., dropped dead in a hotel at Mt. Vernon, Ind.
